Classes for 'Type A' Learning Problems

New GC Program for Pupils Not Achieving Up to Their Abilities

Nine "Type A" classes, believed to be the first in Illinois, have been established in the Granite City school district, Supt. Bob J. Davis advised the school board Monday night.

Designed for students with high ability but low scholastic performance, the classes are expected to help the particular children attend more easily and also to develop techniques by which such pupils elsewhere can be aided in attaining higher achievement.

The nine Type A classes operating here since the start of the fall term have a maximum class load of 20 students each.

Interest By State

The state has shown deep interest in the local program and is reimbursing the school system \$4000 per teacher for the nine instructors. Special Education Director Harold V. Thomas reported.

Guidelines being utilized here are to study the state for possible use by other school districts.

The classes have no connection with the instruction provided for mentally and emotionally handicapped youngsters.

Under the Type A program, the teachers are encouraged ability to learn but their progress has not reached the level which it is believed they are capable of reaching.

Type A classes total three at Central junior high school, two at Grigsby junior high school, two at Logan grade school and one each at the Mitchell and Washington grade school.

Audio-Visual Consultant

The school board appointed Gordon Gahreath, 528 English place, Mitchell, a Granite City high school coach and welding teacher, to the vacant position of district-wide audio-visual aids consultant.

By adding one bid to those originally contracted for with the BI-State Transit System, it has been possible to reduce overloading on the red route, Mitchell to GCHS, Maryville to Grigsby and Arlington Heights to Lake school — Assistant Supt. Frank L. Kraus noted.

With a school office-warehouse to be created on the former Stolze Lumber Co. property at 20th and Adams streets, and bids being sought for substantial amounts of paper, canvas, goods and other material, it was decided to acquire a forklift truck to help handle the supplies.

Check Surplus Equipment

Administrators will inspect local surplus stocks in Springfield in an effort to locate a lift truck, shelving and possibly other warehouse fixtures and equipment.

The bid was asked by the Labor Temple Association to be in place on the first floor of the Labor Temple partitions built when school offices and storage space were created

Dow Contract Talks In 3rd Straight Day

Representatives of 700 striking steelworkers at Dow Chemical Co. in Madison were meeting again today in an effort to settle a contract dispute. The strike went into its 13th day today.

Union-company meetings were held Tuesday and Wednesday, and were resumed this morning for the third consecutive day. A union spokesman said there has been no progress in resolving differences over seniority provisions and job assignments, the only issues presently under discussion.

Resigns Position

During a series of negotiations among the county landfill ordinance, Jack Clifford, county sanitation officer, submitted his resignation which was accepted. He will retain his other positions as county office zoning administrator for the county.

The board filled the vacancy with the temporary appointment of Paul Hawkins to the post. He has been serving in the sanitation department as an inspector.

8 Voter Registration Centers in Quad-Cities

Eight special registration centers will be conducted in the Granite City area tomorrow and Saturday by the office of County Clerk Eulalia Hotz, it was announced today. The centers will be manned by deputy registrars who will accept new voter registrations and corrections in the records of current registrations.

The registration deadline is Oct. 7.

Opening of the special centers during this weekend is part of a month-long registration drive underway by the county clerk's office to update

Mrs. Rachel Volkmar, 78, Dies at Colonades

Mrs. Rachel M. Volkmar, 78, a former resident of the Greenville area almost half-a-century and the mother of Walter Volkmar, 52, of Granite City, died at 3:30 a.m. Tuesday in the Colonades Nursing Home. She had resided at the nursing home since December 1964.

Mrs. Volkmar, a native of Forrestill, Mo., was preceded in death by her husband, Walter Volkmar, a farmer, who died on May 19, 1963. She was also preceded in death by three brothers and a son, Forrest Volkmar, who was killed in action in World War II. Services were conducted at 1:30 p.m. today at Greenville with interment at German Cemetery, south of Greenville.

Melvin Starling, 58, of 2825 Ralph, died at 8:47 p.m. Tuesday at Belleville Memorial Hospital. In ill health for the past two months, he was admitted at the hospital one week ago.

A native of Granite City, Mr. Starling was employed 25 years as a millwright at Granite City Steel Co. He was a member of the First Assembly of God Church and the United Steelworkers of America. In world War II, he served with the U.S. Navy.

Mr. Starling is survived by his wife, Frances; one son, Melvin D. Starling of Granite City, his daughter, Carol, Richard (Elaine) Sahler of Kansas City, Mo., and Misses Carolyn and Janice Starling, both at home; one brother, Eldred Starling of Lawrence, Mo.; and a granddaughter, Joy Starling of Granite City.

Funeral arrangements are given in today's obituary column.

Melvin Starling, 58,
Dies; III 2 Months

"The updating of the county building code and the pending revisions of the zoning ordinance will give me no alternative but to devote my full time to these two departments," he said.

Landfill Amendments

Amendments to the landfill ordinance presented by Carl Buehler of Granite City, assistant supervisor and chairman of the sanitation committee, set fees for all refuse trucks. In

cluding those from out-of-state, at \$5 per year, with inspection certificates required before it

censes can be obtained, and a committee section on landfill fees to read \$300 annually. Previously the word "annually" was omitted.

The action was taken as the county was unable to enforce its ordinance as it previous-ly existed and based on out-of-state trucks by court injunction.

A third resolution deleted the term "zoning official" in the landfill ordinance and substituted it with "sanitation committee."

The service tax hike, authorized by state statute, will be in effect only in unincorporated areas of the county.

It passed by a 30-to-12 vote and had even less opposition until rural members began changing their votes after it was moved to a motion to adjourn.

He said that the county fund continues to increase from \$2,970,000 to \$3,720,000 in four years.

County Audit Review

In a review of the county's financial statements independent audit R. C. Scheffel of the Alton accounting firm told the board that "the financial condition of the county is in excellent shape."

"During the past year fund balances increased more than \$157,000 over the previous year.

He said that county fund continues to increase from \$2,970,000 to \$3,720,000 in four years.

Schefel urged continued

investment of available county funds to derive other than tax revenue.

The service tax hike, authorized by state statute, will be in effect only in unincorporated areas of the county.

Harris Honored By School Board

State Rep. Lloyd C. Harris, Granite City, who is retiring from the General Assembly this year, was honored by the Granite City school board at its regular meeting Monday night.

President E. W. Walton presented a framed certificate signed by board members and administrators, Rep. Harris spoke briefly, commenting that he will cherish the award. Members of the family were present for the ceremony.

The citation related that your record as a state representative in Illinois indicates the interest and support you have given to education during your term of office. A record deserves a sincere word of gratitude from those whom you assisted during all those years.

"The board of education wishes to take this means of expressing our thanks and appreciation for your lifetime of service to this community. Congratulations on your outstanding record of service, and best wishes for many happy years ahead."

In counties with a population of 20,000 or more, a fund would be formed for each 10,000 inhabitants. It does not provide for assistant supervisors.

Briggs called for recommendations from members of the board. One expected to be made is that a township supervisor be ineligible to serve in an additional capacity as county supervisor, according to one of the assistant supervisors.

Municipal Retirement

The board approved an addition of \$60,000 for the Illinois Municipal Retirement Fund to cover the last three months of the year. The initial appropriation of \$180,000 has become depleted.

The board approved payment of \$12,500 to the Southwestern Illinois Metropolitan Area Plan Commission as the second half of its share for land use and zoning studies being conducted in connection with the East-West Gateway Commission. Federal funds are being used in the survey.

Named to a special committee for the sheriff's office were Raymond Galloway of Alton, Arthur "Cooper" Moore of Venice Township, Martin Schaefer of Edgewater, and Gilbert Kilpatrick, Joseph Carillo of Collinville.

Purchase of a mimeograph machine for the county clerk's office was approved. A Dick Co. of St. Louis was awarded a bid of \$412 failed to meet specifications.

Routine reports showed 13 patients in the TB sanatorium at the end of August, an increase of 10 patients, and a capacity of 20. The nursing home committee was authorized to employ an architect to make preliminary studies on a project to convert the sanatorium into a nursing home.

House Burglars

from 11 to 15 years were rounded up by Madison and Venice police in a field along the 200 block of State street Monday night after the boys had made an unsuccessful attempt to steal a large quantity of candy from the J.C. Penney, 7-11 Bottling Co., 200 State street.

Police went to the scene after a burglar reported he had seen several youths crawl over the fence around the truck yard at the J.C. Penney plant. The youths, who were breaking cases of soda over the fence when police arrived, fled west over the railroad tracks and into a field of weeds along the rail-road tracks.

Officers surrounded the area and apprehended the youths who were taken to Madison police headquarters. Juvenile "cards" were filed on all five boys and they were released on their parents' pending action by the court judge.

A number of cases of soda and several five-gallon soda tanks were piled by the fence, police said. Later police recovered cases of soda and two five-gallon tanks of soda that had been caught in the weeds.

Arrows, Wrenches Stolen

Burglars broke into a utility shed at the home of William T. Hart, 2020 Elm street, while the family was on vacation and stole a car and a government arrow worth \$35 and a set of wrenches valued at \$10. Police said the intruders forced the door on the shed between Aug. 29 and Sunday.

Crash on 30th St.

Armenia Bayler, 2039 Washington avenue, backed her auto out of the alley onto 30th street yesterday afternoon, she was involved in an accident with a car driven east by Carol Cathey, 2950 Iowa street.

McGivern to Open Law Office on Pontoon Rd.

Gerald McGivern, attorney of Granite City, will open a law office on 112 Pontoon road on Monday, he announced today.

McGivern was associated in a law firm with Maurice Dailey of Granite City for six months in 1966 before he was appointed as an assistant state's attorney, a position he still holds.

McGivern, 30, is a native of Chicago and received his law degree in 1965 from the John Marshall Law School in Chicago, which he attended at night. He also is a graduate of John Marshall University, Cleveland, Ohio.

He resided in Granite City from November 1965 until February 1967, when he was a director of the Granite City Jaycees and a member of St. Elizabeth Church. He is a member of the county and state bar organizations. He served two years in the Army and was discharged from the reserves with the rank of sergeant in the year 1967.

McGivern's wife and two sons, ages four and two, now reside in Edwardsville. Mrs.

McGivern teaches handicapped children in Granite City under the Easter Seal program and formerly was a kindergarten teacher at Washington school.

Hereman Marshall, 70, Dies in St. Louis

Hereman Herschel Marshall, 70, of 1809 Arsenal street, St. Louis, a former Granite City resident, died at 4:45 a.m. Wednesday at the St. Louis Chronic Hospital. He had been ill 18 months.

A retired cool miner from the Bush, Ill., area, Mr. Marshall lived in Granite City three years and for 35 years in St. Louis. He was a member of the United Miners of America. His survivors include a son, Harold Marshall; a daughter, Mrs. Virginia Sorenson; one sister, Mrs. Pearl Pinkston of Granite City; four grandchildren and one great-grandchild.

Funeral arrangements are given in the obituary column.

**Bronze Star Medal
For Madison Sergeant**

Air Force S/Sgt. Edward E. Riley, son of Lawrence Riley, 1017 Market street, Madison, received the Bronze Star medal at a recent ceremony at Travis AFB, Calif., for meritorious service while engaged in military operations against Viet Cong forces.

Sgt. Riley was cited for his performance as an administrative supervisor at Tan Son Nhut air base, Vietnam.

He is now assigned at Travis AFB, Fairfield, Calif., as a member of the Military Airlift Command.

The sergeant, a graduate of MacArthur high school, is married to the former Mattie B. Bailey.

The medal was presented to him by Brig. Gen. Arthur W. Cruikshank Jr., vice-commander of Headquarters, 22nd Air Force.

The standard of teachers," he said. "We want to be competitive with other professionals while we can afford a program. We do not want to make it a point to be detrimental to the community, but we believe the board has the money to pay us."

The spokesman also charged that the school districts have been operating under a reciprocal agreement to keep salary standards down but that the balance was offset when the board of education offered sizeable pay increases this year.

He also argued that the fringe benefits provided in Granite City, Venice and other districts, but not in Madison, run into tremendous amounts of money. "The teachers know that the board has the community," he said.

In connection with claims that teachers are not being treated fairly, the spokesman said: "unless new proposals are made we can't take anything to the union. The proposed contract was drawn by the board and was ratified by the teachers organized with the union. We want the board to understand it cannot go around the union. We want to be treated as human beings and we want both sides to be fair."

He said that at a teachers meeting Tuesday morning, Rex Carr, union attorney, led a discussion about rights, the course of action and procedures to be taken.

He added that the board "will not consider us as a bargaining agent, and that if they bargain with us, we can take something back the union."

He said a meeting between the two sides a week ago, the spokesman noted that the union cut its salary and other demands, but that the board did not reciprocate, except to talk about a possible referendum and to offer for next year.

Other demands reduced or eliminated, he said, were the cost of living increase, one day of personal leave and one day of sick leave.

The board has been maneuvering around issues, he claimed, listing as an example a willingness to pay for extracurricular activities at the high school, but not at the grade school level.

The teachers also believe, he continued, that they have the right to help the administration in solving difficulties. "Problems in the high school last fall could have been prevented if the teachers had been considered," he said.

"We feel that the board can meet our demands as we meet theirs, more money will be coming in from the state and federal governments.

Warriors Host Powerful Althoff Grid Team

The eyes of the Southwestern Conference football world are on Alton and Riverfront, a young, offense-minded Granite City high school eleven hopes to make believers of fans who saw the Warriors finish last and without a victory last season.

How greatly GCHS grididers have improved will be partly indicated by the outcome of their initial 1968 game at 8 p.m. tomorrow when the powerful Althoff will visit for a non-conference clash.

A member of the Bi-State Conference, Althoff is rated as the most formidable team in this region.

Whether the Warriors can topple the Crusaders may depend heavily on a relatively experienced GCHS backfield led by Roger Belshe, 165-pound quarterback.

Halfbacks are Jim Jones, 180, and Jim Rollins, 130, with

either Mike Bradford, 160, or Jim Grimes, 160, starting at fullback. Dave Evans also is a capable quarterback.

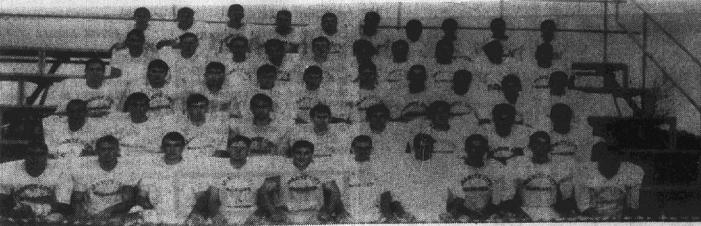

Jones was the Southwestern Conference 230-yard and 100-yard dash champion this spring and could give enemy defenders trouble whenever he breaks free.

Coach Jim Morrison hopes to keep Althoff in the dark about Warrior strategy but concedes that GCHS has been looking sharp in practice and running and may do an equal amount of each Friday.

One offense, he has named Ralph Burnett to start at center, Bob Bates and Dan Sutich at ends, Jim Moore at tackles and Rick Cardwell and Dave Melzer at ends. The two ends have moved up from an undefeated sophomore team.

With Wallace the heaviest at 190 pounds, Granite City will be outweighed by the Crusader line, which includes three near the 200 mark on offense and defensive linemen tipping the scales at 251, 208 and 206 pounds.

Crusader Coach Max Hamilton describes the preparations for GCHS as "streetwise," noting that it will be the first time the Warriors will be going against the schools. He has gone for him 20 returning senior lettermen and a 51-27-2 Crusader grid record

during his tenure in Belleville. Second in its league last year at 3-2, with a 6-2-2 overall record, Althoff is favored to win the Bi-State championship.

In preparing the Warriors ready to oppose this area's No. 1-ranked team, Morrison views tomorrow's contest as a "great opportunity."

All his offensive starters except Rollins are lettermen and halfbacks the defensive lineup consists of veterans. Defensive Tackle Marion Stawar, a 200-pound senior, has been particularly impressive this year. Other defensive stalwarts are expected to include End Stan

Corey, Tackle Tom Loman, Guard Ray Rutledge, Linbacker End Fred Melchic, End Jerry Motes, Dan Sucich, Steve Gans, Jerry Monahan, Frank Bechtel, Harry Diek, Mark Rigsby and Steve Golden. Back row, Ralph Thompson, Larry Hicks, Eddie Hagnauer, Stan Corey, Jim Greenwald, Gary Loney, Danny Hodge, Mark Lakatos, Ray Rutledge and Don Haddix.

Crusader backfield starters will be Quarterback Ron Piel, 164 pounds, Halfbacks Tim Roth, 201, and George Brown, 188, and Fullback Rick Sieben, 190.

Injury plagued last year, the Warriors have avoided disabling injuries so far and could prove dangerous to other teams. Yesterday, two of the senior starters and juniors competing to see varsity action.

Spirited Competition On Prather Grid Team

With 55 players competing for positions, Coach Albert Sonnenberg's Prather junior high school football team has advanced from fundamentals to practice of specific plays.

Attendance is focusing on the initial game, Sept. 19, when Webster junior high of Collinsville will visit.

Prospects include two ninth graders who attended Central High school last year, Mike Sullivan, a 220-pound guard, and George Wilson, an 180-pounder who is fast for his size and may play fullback.

Lettermen returning are Terry Motes, a defensive end, Jim

Birdsong, a quarterback, and Chuck Baden, a fullback.

The middle of the line has shaped up as strong and capable, but many other starting positions are yet to be determined.

The 1968 grid schedule for the Prather Chiefs follows:

Sept. 19 Webster, 4 p.m.
Sept. 26 Edwardsville, 4 p.m.
Oct. 3 at Roxana, 4 p.m.
Oct. 10 North of Collinsville, 4 p.m.

Oct. 24 at Grigsby, 4 p.m.
Oct. 21 Cooldige, 7 p.m. at GCHS field.

Big, Strong Trojans Open Year at O'Fallon

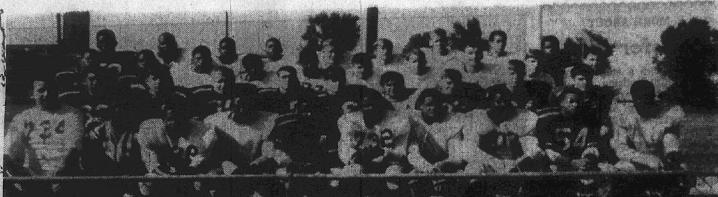

Hopeful of another Midwest Conference title, the Madison high school football Trojans will climax a thorough pre-season practice program by visiting O'Fallon, Ill., for a season-opening game at 7 p.m. tomorrow.

Trying to better their 6-3 record in 1967, Coach Alvin Vonder Haar's 43 MHS gridmen will have weight, size, speed and playing experience all in their favor. The line includes second-year starters Steve Lewis, 280, and Stan Young, 250, with Jim Scott, 150-pound senior quarterback, again will call signals for Madison. Last year, he displayed diverse abilities, scrambling with the ball when necessary, as well as his receivers and handing off to other backs skills.

Pounding through the line is fullback will be Dale Clinton, 175 pounds, who has switched to that position from a halfback slot in 1967.

Halfbacks will be Harold James, 200, and Dwayne Shaw, 180. Shaw is a sophomore, James a junior and Clinton a senior.

End positions will be played by Tim Bennett, 180, and Ed Hilton, 190.

Tackles will be John Harper, 200, and William Campbell, 225; and Fred Narvaez, 205, and Bob Scott, 195; and center, Mark Wells, 210.

Huge Defensive Line

Defensively up front, the Trojans should have about as much weight as anybody in their conference. The line includes second-year starters Steve Lewis, 280, and Stan Young, 250, with Dan Bargiel, 185, and Vann Ford, 175, at the end posts.

Halfbacks on defense will include John Evans.

Modest boasting will go along with some players going both ways to give the Trojans the best defense and offense.

Coach George Titus of O'Fallon is wary of the quarterbacking of Scott and running of James, recalling both from his team's 14-12 loss at Madison last season.

Other backfield starters will be Vince Ancell, quarterback, a 160-pound senior; Bob Stanley, 160, senior, or Jim Barbeau, 155, junior, at left halfback; Curt Goodwin, 135, junior, at right halfback; and Ollie Johnson, at fullback.

O'Fallon was 2-3-1 last year and is expected to have an even more successful non-conference season.

TROJAN GRIDDERS ready for the new season. Front row, left to right, Coach Alvin Vonder Haar, Willie Ackers, Courtney Barrett, Bruce Crawford, Harold James, Oscar Hagler, Don Franklin, Henry Rhodes, John Ervin and Tony Young. Second row, Timmy Bennett, Doug DeRoister, Mark Wells, Jim Scott, Dale Clinton, Ron Britt, Mike Young, Bill

state this fall.

The Madison Trojans brand new but has become quickly accustomed to his new duties. Aiding him are detailed scouting reports and a staff of independent scouts and coaches familiar with the Trojan personnel. Dupo may be the main Midwestern rival for MHS.

In an intrasquad game in which the Green unit downed

the White team 13-0, the Madison defense stood out particularly. James, Shaw and Clinton were effectively backed up by Offensive Backs Mike Touey and George Titus.

And Jim Scott seems likely to be better than ever, the new member summing up as he and the Trojans approach the 1968 campaign with a healthy balance of confidence and determination.

Campbell and Bob Scott, Third row, Ed Hilton, George Titus, Vann Ford, Austin Mason, Jim Dozier, Pat Economy, Tom Kaskus, Austin Lewis, Danny Bargiel and John Mangoff. Back row, John Harper, Stanley Young, Harold Campbell, Harry Boyd, Steve Lewis, Gary Bathon, Mike Stern, Phillip Davis and Dwayne Shaw.

Jimmy Forte, 23, of 3112 Willow avenue, was admitted to St. Elizabeth Hospital after the lobe of his right ear was bitten off by a friend in a tavern brawl, police said.

The fight occurred at the Club Delmar in the 1800 block of Delmar avenue where police were called at 7:25 p.m. Sunday. They found Forte standing at the bar, with the ear lobe in his hand and dripping blood.

Police said the fight started when the friend entered the tavern and was called an im-polite name by Forte. The friend accompanied Forte to the hospital emergency room where the atmosphere was brotherly between them.

Police refused to file a complaint, though being advised to do so by authorities.

New Look to be Featured At GCHS Football Field

The Granite City high school football stadium will feature a new look Friday when the War Hawks open its season with a home game against Belleville Althoff at 8 p.m.

Concession stand owners will be served from a partially-constructed concrete block structure which was roofed only yesterday.

Construction of the 2320-foot facility is being undertaken by the High School Parents Association, with labor and materials donated by members.

Louie E. Meek, band director, said today.

Also greeting local football enthusiasts this year and adding

to the colorful atmosphere sur-

rounding all home games, the 138-member Granite City high school marching band will make its debut tomorrow evening, at

8 p.m. in the all-new navy blue, red and white uniforms.

With tall and bushy head-

dresses and crested white jacket overlays, the director noted.

The marching unit will be led this season by Dr. John Meek, band director, he added.

Meek discussed future band performances at a meeting of the parent association Tuesday evening, attended by members of the band.

The band's half-time program will contain musical salutes to three

area football games.

It was noted that A. O. Smith Corp. blood contributions totaled 169 this month with the next blood program Sept. 27 at the American Legion Post 21.

Neighborhood House History Outlined

The 38-year history of the Leslie Bates Davis Neighborhood House in East St. Louis and its programs of education, social and recreational activities for a myriad of 500 adults each week was outlined at the noon luncheon meeting of the Granite City Rotary Club Tuesday by Miss Elizabeth Provence, director of the organization.

Miss Provence, who was principal speaker at the luncheon session, described the Neighborhood House as a "beacon of hope" to the community. The institution brings together the children of all walks of life, from those of poverty to the affluent. Present programs provide training for children of school age, for teenagers of elementary school age, teenagers of high school age and adults.

The Neighborhood House began operation as a day nursery set up in the basement of a home of residents of the area in 1930 so that the women would have a place to leave their children when they went to the black yards.

Methodist sponsored project could expand its activities considerably, but presently is limited by staff shortages, Miss Provence said.

Rotarian Herbert Schermer listed for club members a project that will be presented at the Rotary-sponsored Modern Living Show to be held daily Sept. 19-22. Just a few of the prizes, Schermer said, will include a television set, a black and white portable TV set, a console sewing machine, a set of four auto tires, a recorder and speakers, a Princess telephone and an oil painting.

Clark Bridge to be Closed Next Week

The Clark Bridge over the Mississippi River at Alton will be closed to traffic for the week starting Monday at 7:30 a.m., Director Norbert J. Johnson of the Illinois Department of Public Works and Buildings announced today.

The closing of the bridge was necessary to permit resurfacing of the roadway. Engineers expect to complete the project and reopen the bridge the evening of Sept. 20.

Guest Speakers will include Col. Charles E. Hoskin III, Granite City Army Depot commanding officer, whose topic will be "Working Together in Civil Defense."

New Band to Play

A new rock-n-roll band, "Wize Decline," will compete in the Battle of the Bands Sunday at the Wilson Park ice rink. It is composed of Charles Fritzel, bass, Darlene Fritzel, drums, and Flipper McGovern, vocalist. All are Granite City high school students.

Guest speakers will include Col. Charles E. Hoskin III, Granite City Army Depot commanding officer, whose topic will be "Working Together in Civil Defense."

REV. JESSIE HATFIELD

**Associational Meeting
Opens in GC Today**

The Madison County Baptist Association, consisting of 23 churches, 1,000 members and 200 members, is conducting the 24th annual Associational meeting today and tomorrow at Calvary Baptist Church. The program began this morning.

Rev. Jessie Hatfield, pastor of Calvary Baptist Church of Louisville, Ky., will be the main speaker Friday.

Other speakers for the two-day meeting are Rev. Robert Hastings, editor of the Illinois Baptist newspaper; Rev. Harold Cameron, secretary of missions for the Illinois State Baptists; A. Klingenberg, director of the Illinois State Baptist Boys' and Girls' Home; Rev. Wendell Garrison, who spoke this morning; Rev. Vernon Covington, who will address the session at 10:30 a.m. today; John Gilmore, Friday at 9:40 a.m.; Rev. James Feeman, Friday at 1:10 p.m.

**Taverns to Seek Dram
Shop Law Amendment**

The Madison County Tavern Owners Association made plans to attend the 83rd annual convention of the Illinois Retail Licensed Beverage Association next Monday. Tuesdays and Wednesdays in Chicago during a meeting Tuesday night at the Orchid Lounge.

The group is seeking the support of state and national organizations in amending or abolishing the Dram Shop Act which the tavern owners say is one of the "most vicious laws in the state of Illinois."

The owners also are seeking the support of allied businesses, lawmakers and labor unions. During the last legislative session, an attempt to amend the law failed by two votes.

Plans also were made to seek the office of vice-president of district No. 9, covering the southwest part of Illinois.

Those to attend are Charles Hester, association president; Robert Compton, executive director; Robert Hudgens, Jordan Rapoff, Victor Reznick, Lee Stratton, Glen Schneider, Edmund Grimes and Ed Sprajcar.

**Amvets Planning Weekly
Turkey Shoot Program**

Plans for a weekly series of turkey shoots, beginning Sunday, the first game at Long Lake, were completed at a regular meeting of Amvets Post 51 last night. The public is invited to the shoot which provides funds for Amvets Post projects. The shoots will be held weekly until a week before Christmas.

Leo Clements was appointed turkey shoot chairman. Commander Joseph Wickham announced plans for an Amvets Day program Sept. 21 beginning at 1 p.m. in the post home. Movies of the last Amvets installation were shown at last night's meeting.

**Mother of Local Man
Buried at Eminence, Mo.**

Mr. and Mrs. Joel C. Ipock, 2505 Center street, returned home this week from Eminence, Mo., where they attended the funeral last Wednesday of the former's mother, Mrs. Ollie Ipock.

Mrs. Ipock, 72, died unexpectedly Labor Day, following a heart attack. She is believed to have been in good health. Her husband, John Ipock, died in May 1967. Also surviving are two other sons, Willis Ipock of Festus, Mo., and Walter Ipock of St. Louis; a sister, Mrs. Cassie Main of St. Louis, who accompanied the local couple to Eminence; 11 grandchildren and six great-grandchildren.

**Grandson
Buried at Glenwood**

Graveside services were held Monday at Assumption Cemetery in Glenwood, Ill., for John D. Malone, infant son of Mr. and Mrs. John Malone, 14369 Park avenue, Harvey, Ill., who died at birth Saturday at St. Francis Hospital in St. Louis.

Born of his parents, the infant is survived by his maternal grandparents, Mr. and Mrs. John Horsky of Granite City, paternal grandparents, Mr. and Mrs. Jack Malone of Chicago and a brother, Keith Malone of Harvey.

SOCIETY

Madison Service Club Opens Year

The first 1958-59 meeting of the Madison Junior Service club took place Tuesday evening at the Madison recreation center.

Mrs. Jean Vogel, president, presided over the meeting. Mrs. Rita Barnhart, first vice-president; Mrs. June Barnhart, second vice-president; Mrs. Gerry Friend, third vice-president; Mrs. Elvira Stagner, recording secretary, and Mrs. Dorothy Smith, treasurer.

A Federation luncheon at the Flaming Pit, Edwardsville, was discussed. Mrs. Alice Frizell reported on a try-a-sprint during the summer by a Girl Scout troop sponsored by the Junior Service club.

The members voted to sponsor the March of Dimes again this year. Mrs. Julia Vosick will be chairman of the Madison club.

Hannah Shall of the Alton State Hospital staff and Mrs. Pat Nelson and Mrs. Rita Geaschel of the Collinsville Junior Service club were introduced.

Shall, serving as entertainment, patients at the hospital. The Collinsville members spoke on work their club is doing to assist in the project explained by Shall.

The members, Miss Jeannette Tritsch, Mrs. June Barnhart and Mrs. Elvira Stagner, served refreshments.

The beats table was decorated with a large basket of fall flowers, the smaller table with smaller baskets of flowers.

Other members present were Mrs. Sharon Gregg, Mrs. Doris Patterson, Miss Irene Hackett and Mrs. Adrienne Warchol. The meetings will continue on the second Tuesdays at the Madison recreation center.

Junior Service Starts New Year

The Granite City Junior Service club resumed its monthly meetings with a board session in the home of Mrs. Candy Kaulback, 1512 Clark avenue.

Mrs. Linda Edgington, president, presided over the business, with reports submitted by all committee chairmen and officers. Mrs. Edgington led the group of attending the grand opening of the Jewel wine from Murray school during the past week.

The next meeting will be with Mrs. Maude Beedle, 2807 East 25th street.

Through her three years of training.

The annual Junior Club Federation luncheon will be held Oct. 21 at the Flaming Pit, Edwardsville, with Collinsville to be the hostess club.

Mrs. Charlene Pohlman, chairman, announced that a pair of eye glasses has been purchased for a school child.

One of the club's annual fund-raising activities, the "feather kites," is planned for Oct. 5.

The members received notice that the Little League team it sponsored for the year months finished in third place and will receive a trophy.

Next meeting will be at 7:30 p.m. at the club's membership meeting to be conducted at the civil defense building and a "white elephant sale" will be held following.

Those present were Mrs. Carol Tritsch, Mrs. Sue Sieh, Mary Lou Worthen, Jo Ann Gaumer, Marilyn Bedman, Jean Ann Vrenick, Louise Kovar and those named.

Past Matrons Open Season

The first fall meeting of the Past Matrons Club of Granite City Chapter 680, will be held at the Anchorage recreation hall with Mrs. Ida Caris, president, as hostess.

Mrs. Caris conducted the business, and there were refreshments for entertainment with prizes going to Mrs. Virginia John, Mrs. Hannah Kleinenschmidt and Mrs. Bea Miller.

Mrs. Ida Hanfelder read a poem, "Day's Result." Beulah Miller, president, led a discussion on the annual breakfast to be held at the recreation center of Wilson Park Sept. 17 at 10 a.m.

The next meeting Oct. 8 will be held in the home of Mrs. Lillian Delps. Others present were Mrs. Anna Miller and Madeline Pearson Young, Elizabeth Lavelle, Carolyn Moser and Lillian Delps.

Mrs. Caris conducted the business, and there were refreshments for entertainment with prizes going to Mrs. Virginia John, Mrs. Hannah Kleinenschmidt and Mrs. Bea Miller.

Others present to whom were refreshments were Mrs. Tena A. Neurauter, Elma Robinson, Arline Fox, Vivian Blankenship, Dorothy Fitzpatrick, Karen Johnson, Clara Harbig and Hazel Wood of the club and two guests, Mrs. Cora Hettich and Mrs. Mary Bilbrey.

ST. ANN ALTAR SOCIETY MEETS

St. Ann's Altar Society of St. Ann's Catholic Church met Tuesday evening with Mrs. Margaret Minzes, president, in charge. The opening prayer was offered by Rev. Peter Berndt.

Refreshments were served to 30 members and a guest, Mrs. Shirley Reisinger.

Anouncement was made of a Corporate Communion Sept. 22 at an 8 o'clock Mass.

JAPAN STUDIED BY LYDIA BIBLE CLASS

Mrs. Ann Redman held a monthly meeting of the Lydia Bible class of First Baptist Church in her home, 206 Beckwith with members. Mrs. Redman, Mrs. M. Norman Eaves opened the meeting with a prayer, followed with the class flower, aim, motto, scripture and song in unison.

Mrs. Eaves presented the deviation, listing the topic "Revolving in Japan." The group discussed the topic prior to a business session. Plans are being made for the class to "adopt" a boy on giving day. Majoring in business administration, he is a graduate of Madison high school.

LEAVES HOSPITAL

Marine Captain Anthony J. Scymon was released from the San Diego Air Force Base Hospital Monday after being in intensive care from the results of an accident suffered early Sept. 7. He was a passenger in a car which was struck from the rear by a gasoline truck.

He is recuperating at home, 2054 Fourteenth street, and will report to Camp Pendleton in Calif., to complete training.

The room was appropriately decorated and a star center in technical and mechanical, and possibly aeronautical mechanics. He now is home on a leave.

Mrs. Eaves opened her gifts with the assistance of Miss Martha Dombroski, Mrs. Paul Dierck and Mrs. Mary Ann Winkler.

Sandwiches, cake and coffee

were served to Madam and daughters, Lisa, Susan and Connie, who was a junior bridesmaid, all of Dearborn, Mich.; and Ella Nickoloff and daughter, Marie Whately, Josie Johnson, Marge Siebert, Angie Shambro, Norma Gardner, Rose Lee Tucker.

RETURN FROM WEDDING
Mr. and Mrs. William Price, 1202 Third street, returned home Sunday after a flight to San Diego, Calif., where they attended the wedding of their son, William L. Price, a graduate of Venice high school.

During their two-week stay, they toured parts of Mexico and visited Los Angeles.

ANNIVERSARY DINNER
The Venice Ladies Democratic club will observe its anniversary dinner on Sept. 19.

Members interested in attending are to contact Diana Scherrells, 451-7992, to make reservations before Sept. 14.

ENTERTAINS CLUB

A meeting of the Yak Yak club was held Monday evening at the home of Mrs. Beulah Sizemore, 1023 Third street. A get well card was sent to Mrs. Clara Simmons at Faith Hospital.

Games were played and prizes awarded to Mrs. Clara Bone and Mrs. Margaret Stover.

Refreshments were served to the above and Mesdames Faye Smith, Ethel Moore, Dorothy Smith, Ruth Koenig, Mrs. L. A. Synnaki and Helen Annis.

The next meeting will be Sept. 23 at the home of Mrs. Smith.

MRS. PRICE HONORED

The Venetian Tops club met Monday evening at the Venice library. Miss Evie Ritz, co-leader, called the group to order, and the members repeating the Tops pledge and pledge to the flag.

Roll call was taken by Mrs. Mary Fawcett, weight recorder, and queen of the night, was Mrs. Eudine Price, who received a basket of fruit.

A group therapy session will be held at the next meeting, with Miss Ritz leading the discussion.

The Can Do Tops club of Belleville has invited the Venetians club to its fifth anniversary dinner Oct. 13 at Fisher's restaurant.

A thank you note was received from Miss Cathy Daniels for the scholarship she was awarded.

Others present were Mesdames Ann Welch, Carol McGee, Jeannette Woodrome, Bernice Komosa, Shirley Watkins, Virginia Cochran, Shirley Jany, Beyer, Mary Ann Welsh, Alice Johnson, Mrs. Elmer Johnson, Carol Williams, Shirley Luffman, Delores Draper and Helen Bauer. The meeting closed with prayer led by Mrs. Fawcett.

DIEPHOLZ REUNION
Mr. and Mrs. Ron Blatz and son, Steve, 532 Jefferson street, attended the Diepholz family reunion at Hazel, Ill., this week.

Officers were elected for the coming year and all enjoyed a covered dish dinner.

About 130 attended, including several from out-of-state.

FRIENDSHIP CLASS
MEET AT HOME

The Friendship class of Second Baptist Church met Tuesday in the home of Mrs. Rhoda Peck on Route One.

Mrs. Debra Buchanan, president, was in charge after the opening prayer by Mrs. Virginia Finn and devotions by Mrs. Georgia Mitchell. The topic was "Keys for Better Living."

Plans were made for the project for the month, the making of terry cloth bibs for the elderly. Also planned were the installations of officers in connection with the next meeting Oct. 7, in the home of Mrs. Elsie Sturdvant.

Others present were Mrs. Barbara Harris, who offered coloring paper, Mrs. Darlene Harzel, Mrs. Merline Pfeiffer, Mrs. Diane Delaloye, Mrs. Ruth Ann Dike, Mrs. Barbara Harris, two girls, Mrs. Sueelle and Mrs. Georgia Mitchell, and Mrs. Finn, who was winner of a prize.

we care

we never
"run out"
on a sale!

We never advertise a special sale item unless we have an ample supply. Once in a great while, the special is more popular than we imagined. So occasionally, we do run out of the item.

But we never "run out" on a sale. If the item is sold out, just ask the manager for a "RAIN CHECK".

An A&P Rain Check is a certificate that entitles you to buy the item at the same special price, the following week.

We think that's the fair thing to do. We think that shows "WE CARE".

Not every store can care that much. A&P can...and does.

Shouldn't A&P be your store?

Area Work Force Shows Increase

Paced by a sharp upturn in employment in manufacturing firms, the total in the Granite City area increased by 1375 during the six-month period ending in mid-July, according to a news release from Malcolm Thompson, manager of the Granite City office of the Illinois State Employment Service.

Thompson reported that good weather and increased activity in government establishments also contributed to increased employment with addition of 375 workers in the non-manufacturing fields.

A heavy influx of youth into the work force resulted in increased unemployment, but did little to solve the tight labor supply, Thomas said.

In 61 reporting firms of all types, 17,782 persons were employed last July, compared to 16,385 in January and 17,106 in July 1967. Employment in 24 manufacturing firms rose 12,263 persons when compared to July 1967, compared to 11,938 in January and 17,106 in July a year ago.

July employment in 37 non-manufacturing firms was 4830 compared to 4446 in January and 4477 in July 1967.

The area covered by the report included Granite City, Venice and Nameoki townships and the southern portion of Chouteau township.

Sgt. Nonn Commended For Supply Field Duty

S/Sgt. Craig Nonn, son of Mr. and Mrs. Robert Nonn, 1704 Delmar avenue, has been commended by his officers at Loring Air Force Base, Me., for his work with the 42nd Supply Squadron.

As the supply training NCO, he is responsible for the training of 85 men in the squadron. In recommending his promotion, Lt. Col. Grant R. Owens, commander of supply, said: "I have personally observed the duty performance on Sergeant Nonn on a weekly basis, and am aware of his outstanding record. He is a highly motivated and ambitious individual who displays good judgment in all his tasks. I consider him a definite asset to the Air Force."

Other comments read: He has demonstrated a profound knowledge of the (supply) program and has helped make vast improvements in this area. Under his direction, the squadron has received excellent ratings on performance. Sergeant Nonn's strengths lie in his ability to impart knowledge to co-workers through the media of classroom and on-the-job training.

It was recommended that he remain in the supply career field in the Air Force.

Sergeant Nonn, a graduate of Granite City high school, will return to the Air Force after enlistment in February and hopes to gain employment in the same field in an industrial plant.

Forshee to Receive Chiropractic Degree

Gary K. Forshee, 21, will receive the degree of Doctor of Chiropractic on Sept. 19 at graduation exercises to be held at the Logan College of Chiropractic Auditorium, St. Louis.

The son of Mr. and Mrs. Benjamin Forshee, 233 Amos avenue, he will graduate after successfully completing four years of scolastic work and 18 months of internship at the college, 77th Street and road.

A. A. Adams, past-president of the American Chiropractic Association, will give the graduation address. Dr. Forshee served his internship in the clinic of Dr. George B. Logan Memorial Building.

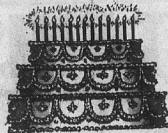

Struck from Rear

Rear end damage to a car driven by Robert J. Pulliam, 1505 Cottage Avenue, was caused Monday when it was struck by a car driven by James A. Naler, 2406 State street and Niedringhaus Avenue as Pulliam stopped for a traffic sign.

License Suspension

The driver's license of Jerry L. McWhorter, 4246 Lake Drive, was suspended for reason of three violations, it was announced this week at the office of Secretary of State Paul Powell, Springfield.

Venice Approves
New \$324,715
Bridge Budget

A permanent McKinley bridge budget of \$324,715 for the 1968-69 fiscal year beginning Oct. 1 has been adopted by the Venice council.

The final budget figures are a reduction of \$31,000 below the original budget of \$356,313 adopted six weeks ago and sent to Hardesty & Hanover, New York bridge engineers, for approval. Mayor John E. Lee said.

As an effort to keep bridge expenditures at a minimum because of the bridge administration's financial problems, the mayor said that was to cut \$10,000 from the allocation

of \$20,000 from the allocation

of \$10,000 from the insurance fund and \$100 from the advertising fund.

The cut in the tax fund was made possible by a \$60,000 reduction on the assessed valuation of the bridge by Missouri tax officials early this year. In past years Venice has been paying from \$10,000 to \$25,000 in taxes to the state of Missouri. Its tax bill at the end of this year is expected to be about \$35,000.

To incur Deficit

The new budget sets up \$60,410 for operating expense with salaries of \$70,860 for toll collectors. Maintenance cost is budgeted at \$26,760 and \$10,000 is budgeted to cover the painting and preventive fund. Administration costs are budgeted at \$107,945, of which \$43,260 is in salaries.

At the same time, Mayor Lee informed the council that the bridge administration expects to end the current fiscal bridge year with a deficit of \$116,000. The figure includes \$10,000 in Oct. 1 on interest for "B" bonds.

The city will default on payment of the "B" bond interest because of reduced bridge income resulting from traffic losses within the past year. This still leaves the bridge operation \$6000 in the red.

Mayor Lee said that during the remainder of the year, the city will pay \$59,542 to be applied toward retirement of "A" bonds, plus \$3195 in "A" bond premium payments for a total bond requirement of \$40,000.

Default on Interest

In addition, he said, budgeted operating expenses for October, which will be paid for out of September revenue, will amount to \$18,000. Another \$9,000 must go into the replacement and improvement fund.

These items total \$112,042. Addition of the \$10,000 in "B" bond premium payments to \$222,042 total amount of funds needed to meet all requirements.

The mayor said income available during September to meet these obligations will be approximately \$106,000, which will leave the \$116,000 deficit.

SP/4 Stoval Calls Mother from Bangkok

While enjoying a brief stay in Bangkok, Thailand, away from combat duty in South Vietnam, Specialist Four Michael "Mike" Stoval, last week, telephoned his birthday congratulations to his mother, the son of Mr. and Mrs. Willis Stoval, 3714 Joyce Avenue.

The serviceman, who was spending his R and R in Thailand, said he was "having a ball" and was to report back to his unit in Vietnam during the weekend. The connection was "very clear and Mike had no difficulty getting through," the parents said.

SP/4 Stoval entered the

Army in September 1967 and arrived in Vietnam with the 10th Infantry, 23rd Infantry Division. He celebrated his 21st birthday in May while in combat.

The soldier attended local schools, but was graduated from Cape Girardeau, Mo., high school. Prior to serving in the Armed Forces, he was employed at McDonnell-Douglas Aircraft Corp. He is the son of Mr. and Mrs. John (Wilma) Large of Granite City and Mrs. Walker (Charlotte) Erwin, who is living in Germany with her serviceman-husband.

It's amazing how accurate a watch can be, when it has a tuning fork.

The things that make a watch tick are the things that make a watch work.

Like its balance wheel. And mainspring and hairspring.

So those things have been left out of the Accutron® timepiece.

They've been replaced by a tiny tuning fork that hums.

The tuning fork splits a second into more parts than the balance wheel movement ever dreamt of.

It's the tuning fork's uncanny precision that makes Accutron the most accurate timepiece you can wear.

We're able to get Accutron accuracy to within one minute a month. That's 2 seconds a day.

And many owners say they're off only 1 second — or none at all.

With accuracy like that, a watch has no business ticking if it could be humming.

Accutron timepieces start at \$110.00.

PROF. GERALD RUNKLE, dean of the Humanities Division at Southern Illinois University-Southeastern campus, reading the flyer on his new book, "A History of Western Political Theory."

Prof. at SIU-SW Writes Book on Political Theory

"If it is established that men ought to live together, the question 'how' must be answered," says Gerald Runkle, professor of the Humanities Division at Southern Illinois University-Southeastern campus, in the preface of his new book, "A History of Western Political Theory," recently released.

What kind of society is best?

Why? What form should the directive power within this society take? How can this power properly be exercised? These should be the role of the individual in formulating these aims?

These are some of the questions asked and answered by political philosophers in Runkle's book, a 668-page graduate text in political theory and political philosophy which deals with political thought from 400 B.C. to the present. Published by The Ronald Press Co. in New York City, it discusses, analyzes, and criticizes more than 30 theories in terms of the historical context in which each was developed—pertaining to the conceptual, political, economic, and social conditions and events as well as the intellectual quality of the period.

In his preface, the author defines political theory as "prescriptive, not descriptive." Unlike a scientific theory, it does not have as its primary concern the explanation and prediction of empirical fact. It predicts in that it indicates the possibilities afforded by human nature and the universe in which it subsists."

The SIU philosophy professor hopes the reader will derive from his book an understanding of the leading ideas of the major thinkers in political theory.

Most of the theories discussed in his book have had practical consequences, he says.

"They have been upheld by active participants in political life and have often moved the affections of individual men and have thus made a difference in history. That their truth can now be proved is not to say that they are simply imaginative projections of some isolated dreamer."

"That men have been willing to act on them and to extend them quickly into the arena of political life. That their relation to reality is prescriptive rather than descriptive has not deprived them of a force and reality of their own. They have a right to be reckoned with."

Runkle believes the individual must take a stand and act on political issues. These issues are as inescapable as those in ethics and religion, he says. The individual's convictions will be just as irrevocable scientifically. The human predicament is continually to come up with contradictions that are proof of impossibility. React he must do. Will he do it responsibly or irresponsibly? Will he think, will he philosophize?

"It is my belief that the individual has the best chance of being correct. And this holds whether political prescription is objective or subjective. If there is one objective answer, one gets closer to it by thinking deeply and by examining the alternatives. If answers only reflect the subjective values and intentions of the individual, they can at least clarify his political principles and make them explicit for himself."

A native of Akron, O., Runkle received his bachelor's degree from Oberlin College, and his master's and doctorate from Yale University. Before joining SIU-SW faculty in 1959 he taught at Duane University and University of Georgia, where he was a department chairman.

He and his wife and three children live in Collinsville.

Study Habit Improvement Course Set at SIU-SW

If a student at Southern Illinois University-Southeastern campus wants to improve his study habits there is a program designed for him. Known as "Project: Skills," the program was created in the summer of 1966 by the General Studies Division after suggestions by students. This fall there will be two day-time sessions scheduled. No credit is offered for the voluntary program.

Enrollment is open to upperclassmen as well as entering freshmen or those in academic trouble. Meeting for one hour, two days a week, the fall sessions will accommodate 100 students.

Topics covered will include: note taking, how to study for examinations, effective listening, and organization of time.

General Studies is the academic division that prepares all freshmen and sophomore students. Under SIU's make-up at Edwardsville, this Division includes all general university required courses.

program deals with common sense applications to study problems, according to I. Brooks Holder, assistant to the dean of the General Studies Division.

"Our main range hope," according to Holder, "is that someday we may have a Study Skills Center available to all our students for use at any time."

Students interested in enrolling in the "Project: Skills" program should sign up at the General Studies Admission Office, Peck Building 2302 before Oct. 1.

Grid Rule Changes on Kicks, Passes, Penalties, Blocking

The football season for all sponsored rules meetings held by high schools in Illinois that began throughout the state from Aug. 26 through today. The eight rule changes for this season are:

National Alliance Football Rules for 1968 contain a number of significant revisions. Discussion and interpretation of size of the pylons is limited to rule changes and points of special interest took place at HSA/24

Mechanical visual aid equipment for coaching during a game is prohibited, including television and video cameras. Instantaneous intervention is included in this prohibition.

Whenever a game is interrupted because of events beyond the control of responsible administrative personnel, the point of interruption unless otherwise provided for by the conference or association.

No Short Free Kick

The short free kick is eliminated. It is therefore no longer considered a foul. When any member of the kicking team touches a free kick inbounds before it crosses the receiver's free kick line, it is touched by any receiver, it is considered to be a "first touch" of the kick. This revision has applied to the scrimmage kick for many years.

A player who has signaled for a fair catch is prohibited from blocking. Ineligibles must remain on the line of scrimmage, all re-

Conservation Dept. Explains Permits

Illinois citizens may purchase a hunting license, deer permit or Migratory Waterfowl Stamp without having a Firearm Owners Identification Card in their possession, according to the Department of Natural Resources. However, possession of the ID card is necessary while hunting with firearms.

Conservation officials believe the reason that many sportsmen have not purchased the required hunting license is that they have not realized they must have the identification card before being issued a license.

The Firearm Owners Identification Card is required to purchase firearms and to purchase sporting arms or ammunition. The Firearm Identification Program is administered by the Department of Public Safety.

The Division of Conservation is responsible for the administration or the enforcement of the Firearm Owners Identification Act. All inquiries concerning the act should be addressed to the Firearm Owners Identification Division, 1035 Outer Park Drive, Springfield, Ill. 62704.

ceivers are required to remain in or behind the expanded neutral zone until a forward pass, which crosses the line of scrimmage, is in flight.

Failure to wear required equipment continuously after the free kick has been directed to comply is to result in a 15-yard penalty.

Automatic acceptance or decimation of penalties is expanded. The new coverage will include in the automatic category situations which involve a live ball foul followed by a dead ball foul by the opposing team.

Thus certain situations will be penalized equally and not be paired as part of a double foul.

Soccer Calls on Players to Display Speed, Many Skills

Soccer is coming into increasing prominence on the local sports scene, what with the establishment of a professional league in the United States and the creation of a new soccer team in Granite City high school.

Interest will increase this week, with the fall 1968 YMCA Soccer Association program scheduled to be launched at St. Elizabeth, Mitchell and Collinsville fields.

The goalkeeper is as important to a team or more so than the forwards who take shots at the opposing goal. Physical fitness, agility and alertness are necessary qualities of a soccer goalie.

Probably the greatest art in goalkeeping is the proper application of the hands. The hands should be backed by the body. When a hard shot is sent in, the stomach should be drawn in to counteract the impact, and the ball should be hugged to the ribs or stomach with the elbows close to the side of the body. For low shots, the hands must be backed by the legs and the ball must be stopped in front of the goal.

The goalie must learn to dive to either the right or the left side of the goal to stop shots.

Ball Dribbled With Feet

The term of dribbling appears often in soccer, but it has a different meaning than when used in relation to a baseball.

With a soccer ball, dribbling is done with the feet, using the instep of both feet to keep the ball from rolling.

The ball is controlled by the body. When a hard shot is sent in, the stomach should be drawn in to counteract the impact, and the ball should be hugged to the ribs or stomach with the hands close to the side of the body. For low shots, the hands must be backed by the legs and the ball must be stopped in front of the goal.

The most useful kick by a soccer player is the volley or kicking the ball out of the air.

A forward heads the goal, knocking him to the ground. He is able to get up and kick freely without being obscured by one of his teammates. A fullback drops back by the goal if the goalie has been lured out of position.

"Heading" The Ball

The center halfback covers both offensive backs when they break through the defensive line. This is a position where heading the ball is an important part of the position.

Many times the ball is in the center of the field in the center halfback position. By heading the ball, he allows it to strike his head and rebound in the other direction.

The entire halffield pivots around the man. He must prevent the opposing forwards from bursting through for a successful drive, specifically guarding the center forward.

Double Task to Perform
Outside halfbacks have a double job, to defend their own goal and to attack.

The halfbacks watch the inside forwards and must also be prepared to intercept, to block any other man in position to the ball, if he is the nearest to that player.

The halfbacks never get a chance to relax. A halfback looks up primarily as a goal-getter. He keeps his forwards together by means of well-directed passes. He is continually on the move in order to break into the open for a good offensive drive.

The center forward should develop skill in turning the ball, have stamina and be accurate in shooting with either the right or left foot.

He should be able to cross the ball to either of the wing positions with one kick.

Inside forwards have a defensive job of letting opposing outside halfbacks break through the line, as well as an offensive task of being ready to score if a chance presents itself.

Dribbling and playmaking should be the strongest asset of an outside forward. If he is not a good dribbler, he should know how to draw the opposition before passing accurately to the wing players.

Speed, Passing Important
Outside forwards should be able to make cross passes from their positions to the center forward or to any other offensive man on the field.

If the opportunity arises, an outside man should learn to cut inside and score. The outside man should be able to make a corner kick, but above all he should be able to move quickly.

All forwards should be able to interchange positions and assume the responsibility of the changed position.

'Reality Games' SIU-SW Session

A fledgling organization devoted to improving the skills of professionals in the teaching field will sponsor a reality games workshop Saturday at SIU-SW.

Frederick H. McCarty, assistant to the director of SIU-SW's Needs Assessment and spokesman for Extend, the sponsoring unit, said the workshop will focus on games that stimulate enthusiasm among persons requiring assistance from professionals in their services.

Such professionals might include teachers, nurses, administrators, psychologists, police and others, McCarty said.

Registration for the all-day workshop will begin at 8:30 a.m. in the lobby of the Peck Classroom Building.

University Extension Services also will cooperate in the program.

McCarty, who is one of the planners, and a trainer in the workshop, is acting as the local coordinator of Extend, which stands for extending professional skills. His primary function is SIU-SW is with New, New Vocational Teacher Education Program.

The workshop has four main objectives: involving participants in team activity, providing experience in the planning, learning games, teaching skills and strategies, and formulating action plans for home application.

The more than 25 games to be covered are intended to evoke many interaction benefits, such as creating an atmosphere of trust and openness, stimulating expression and exploration, and using effective communication and relationship with others, facilitating learning and increasing group and individual productivity.

Further information about Extend and the workshop can be obtained by calling McCarty at 602-3238 or University Extension Services. Extend has been operating for about two months and is seeking national incorporation.

Budgets for 13 Local Taxing Agencies Up \$2,349,002

By HARRY BARNES

The following table lists 1968-69 appropriations adopted for the current fiscal year by the 13 major tax agencies of the Quad-City area, and comparisons with last year's budgets.

Tax Agency	1967-68	1968-69	Increase or Decrease
Granite City Schools	\$11,461,931	\$11,321,010	-\$45,921
Granite City Corporate	2,163,073	2,161,611	-\$12,461
Madison Schools	1,001,601	1,002,001	+\$3,399
Levee District	2,105,550	2,228,167	+\$112,617
Venice District	1,021,137	1,289,319	+\$257,182
City of Venice	469,260	506,139	+\$36,879
Granite City Parks	485,636	1,944,990	+\$1,459,354
Venice Parks	388,328	431,571	+\$43,243
Nameoki Township	71,305	70,400	-\$905
Chouteau Township	182,488	180,075	-\$2,413
Monroe Township	106,530	143,460	+\$36,930
Granite City Township	180,748	192,372	+\$11,624
Venice Township	181,801	185,491	+\$3,890
TOTALS	\$20,696,078	\$23,045,080	+\$2,349,002

Levee and Sanitary district, an increase of \$10,619 over last year's appropriation of \$2,108,550 and up \$2,515 over its budget of four years ago amounting to \$2,066,652. About half of the levies in district appropriate goes for payments on outstanding bonds.

Highter Town Budgets

Budgeting by the four townships of the Quad-City area also increased without exception this year. The new 1968-69 appropriations of Granite City, Venice, Chouteau and Monroe township total \$711,401, an increase of \$73,634 over the combined budgets of the four townships last year, amounting to \$631,767.

Levee has increased in the Quad-City township because of an expanded permanent road program. The Chouteau budget this year amounts to \$143,460, compared to \$136,930 for the 1967-68 year.

Monroe township adopted a budget this year of \$192,372, compared to \$160,748 for the year ago. Nameoki township has a new budget of \$180,075 for the current year, up \$36,930, while the Venice township budget for the current year is \$185,491, up from last year's \$181,801.

Tickets Now Available For 'Battle of Bands'

A capacity crowd of listeners and dancers is expected Sunday afternoon at the Wilson Park pavilion, where the area's first "Battle of the Bands" contest will be held, starting at 3 p.m. Local music groups still wishing to compete may register through Wednesday at Forzenewski's Music Store, 3006 Granite City.

City Budgets Rise

The combined total of appropriated funds for all three districts for the current year is \$4,837,443 for the current fiscal year, an increase of \$1,819,474 or 58% over the total appropriations of \$3,117,969 adopted by the three cities last year.

Granite City's budget last year was \$2,163,073, Venice had an appropriation of \$469,260 and Madison's 1967-68 budget a year ago was \$485,636.

Budgets in municipal budgeting this year is due to the appropriation of \$1,494,990 adopted by Madison. This year's budget includes a single, new item of \$1,002,001 for the ongoing construction of the Granite Steel Co. plant in Madison's industrial park.

This year's municipal budgets for Granite City, Venice and Madison combine an increase of \$2,262,610 in municipal budgeted spending during the last four years. This is an increase of 86% in the year's budget over that of the cities for the 1965-66 year, statistics show.

Total budgets for all three communities for 1968-69 amounted to \$2,654,833, compared to that year's total of \$937,443.

One of the 13 Quad-City area taxing agencies, in addition to Granite City School District 9, effected reductions in its 1968-69 budget. The new budget includes an increase of \$285,210 in non-construction budgeting while, at the same time, the construction budget

is met by the taxpayers.

Budget Cost Down

The new budget of Granite City School District 9 this year is lower than the total of last year, but this is due to an overall total figure that includes a drastically reduced building cost which was provided by the school board.

The new budget is now near the end of an extensive building program.

The budget for the current Granite City school year is \$1,321,010, compared to \$1,306,820 appropriated last year. Actually, however, this year's appropriation includes an increase of \$1,285,210 in non-construction budgeting while, at the same time, the construction budget

is met by the taxpayers.

Parents of First Child

Capt. and Mrs. James Mays, 5128 Military Avenue, Ombudsman, are announcing the birth of their first child, a son, Aug. 30, 1968, the 1968-69 year, and have the 1968-69 budget of

\$1,285,210.

The Granite City park district, on the other hand, increased its appropriation this year to \$431,571, up \$43,243 over

last year's budget of \$388,328.

The park district also is

working with the 13 area agencies to retain a stable appropriation figure during the last four years. The new budget, in fact, is also slightly less than the appropriation of \$431,571 for the 1968-69 year, and has the 1968-69 budget of

\$431,571.

'Yesteryears' Event Planned at SIU-SW's Library

Area's Birthrate, Deathrate Down

The Quad-City area's birth rate declined during August according to the vital statistics report compiled by Granite City Clerk Homer "Cal" Pendleton, who also noted a drop in the death rate.

Last month there were 88 births and 34 deaths, compared to 99 births and 40 deaths in August 1967. In the same period of 1967 there were 620 births and 345 deaths.

Eight-month vital statistics totals for this year show 869 births and 295 deaths for the Quad-City. In the same period of 1967 there were 620 births and 345 deaths.

A breakdown of the statistics by month for this year follows, with the birth rate first:

January—84 and 22, February

—84 and 39, March—83 and 32,

April—86 and 42, May—84 and

32, June—91 and 36, July—99

and 40, and August—88 and 34.

Baha'i to Mark World Peace Day on Saturday

On Sept. 15, members of the Baha'i Faith will spend World Peace Day either across the U. S. to focus attention on the Baha'i belief in America's spiritual destiny to raise the standard of peace in the world. Theme of this year's observance is "World Peace—Human Rights to Live."

A public meeting sponsored by the Baha'i of Madison county will be held to observe the occasion. The meeting will take place Saturday at 8 p.m. at Sunset Hill Holiday Inn. Dr Peter J. Kahn will address the meeting.

Dr. Khan is assistant professor of electrical engineering, University of Michigan, Ann Arbor, where he is directing a research program in the development of high-frequency electronic systems for use in space communications and space exploration.

He has a special interest in the relationship between religion and science. He has lectured on the Baha'i faith in Australia, the South Pacific Islands, Southeast Asia, Central and East Africa.

Charles Slavik, chairman of the Community Service Peace Day Committee, "One hundred years ago Baha'u'llah, founder of the Baha'i faith, called on nations to establish peace and justice."

Abdu'l-Baha, the son of Baha'u'llah, during his visit to America in 1912, stated that America was destined eventually to lead the world in international peace and brotherhood. He predicted that America will lead all nations spiritually.

"Today, with cries of injustice, prejudice, violence and disunity ringing across the land, it may be hoped that this will ever be true. God has blessed America and, in a short time, raised it to great heights of wealth and technology. Yet all our greatness will be of no avail unless our material prosperity in human relations equals and surpasses our material achievements."

"The greatest challenge that faces America today in its search for internal peace and world peace is the conquest of men's hearts. This is an age that calls for a new spirit in man—a spirit that will tackle the religious, social, political, economic and racial prejudices that are the underlying causes of conflict and war."

Pastor at Scene of California Bush Fire

Rev. Vernon D. Covington, pastor of Emmanuel Baptist Church, 1800 Potomac road, was rescued from Glendora, Calif., where he conducted a revival crusade.

The First Baptist Church in Glendora is located in the foothills of the San Gabriel Mountains, the scene of one of California's largest bush fires which claimed nine lives and destroyed more than 20,000 acres. During the first day of fire threatened the town of Glendora, particularly the Baptist Church, Rev. Covington said.

While in Glendora Rev. Covington was a guest in the home of Mr. and Mrs. David Smith, former members of Emmanuel Church.

Vandals Damage Home

Vandals threw eggs on the floor of her kitchen and boy springs in her bedroom, Janice Churovich, 806 Kirkpatrick Homes, reported to police about 6 p.m. Monday. Police reported that the intruders left the doors open but there was no sign of forced entry.

Announcement of the program was made today by Mrs. Charles J. Kohl, 1000 1/2 Cline a

member of the Friends of the Library Advisory board, along

with a request directed to area residents for special exhibit materials for the "Yesteryears" night at the Southwesterners

1870's to Jazz Age

One of the features of the event will be a large exhibit of old photographs or picture postcards from the 1870s up through the Jazz Age, which are representative of the life of those times in this area such as street scenes or photos of

events of local historical interest.

Mrs. Kohl said the Friends are seeking the loan of such materials for exhibit at the event, and the earlier the pictures are, the better.

Clothing or hats specifically from old newsreel clips covering all phases of U. S. life from the end of world war I to the 1920s are also sought for "Yesteryears" use. She asked that anyone having such items contact her at 876-5837, or

the Friends' University office, 692-3828.

"Golden Twenties" Film

The program for that evening will also feature an hour film "The Golden Twenties," created from old newsreel clips covering all phases of U. S. life from the end of world war I to the 1920s.

People or the Jazz Age are particularly invited, Mrs. Kohl said.

Lie Test Used to Combat Pilfering

(Tri-City and Illinois Bar Association)

You've never taken a lie test? Then you may not yet feel the weight of a lie, pressure cuff around your arm and a respiration-recording tube around your chest much sooner than you think.

The cuff and the tube are the tools of the professional "detection of deception" examiners, whose activities no longer are limited to questioning people on police beats.

In increasing numbers, private companies and government agencies are relying upon lie detection tests or polygraphs to detect pilfering. They are also called to ferret out and prevent crimes, from petty pilfering of a company's products or equipment to the embezzlement of corporate funds.

The practice is perfectly legal. There is nothing in the law to prevent a corporation or organization from using lie tests as often as it sees fit—unless there is a union contract or other labor-management agreement prohibiting the use.

Some firms are giving lie tests as a condition of employment and frequently do.

The reason, they say, is that the very prospect of periodic examination helps keep employees honest. In some instances, widespread pilfering has been reduced to a mere trickle.

How does the lie test sort fiction from fact? It does so by measuring physiological responses.

Monthly Investment Club Plan

(Investment Education Institute)

Q. In 1965 I bought an insurance policy for \$5000 on myself and another \$10,000 on my daughter, who is now 10. The return is supposed to be good. In addition, I have other insurance policies on my wife, my daughter and myself.

I also bought 500 shares of one company at \$2 a share and 37 shares of another at \$1.90 a share. Both of these are insurance companies. Have I done the right thing? What would you advise me to invest in other ways?

A. Insurance policies are fine, I think I would tend to suggest more insurance on yourself than your daughter. Your daughter's eventual husband no doubt would be glad to you as he employs insurance at the low rate you will have obtained at the age of 10 years.

As for your investment program, you have selected good industries, but you haven't picked the right companies in any particular industry, rather than the young, unproved ones.

I am not saying that the firms whose stock you own will not do well eventually. Only the future will answer. That is in my opinion, not small, relatively unknown companies, you are taking an unusually high risk.

You generally stand to do a whole lot better by picking the right companies in any particular industry, rather than the young, unproved ones.

I suggest that you are in an ideal position to start an investment club. You could lead the way in a small amount of time.

Once you feel you understand the selection of good quality stocks, you might start a Model Investment Plan (MIP) on the New York Stock Exchange through your broker.

50 YEARS AGO

SEPTEMBER 12, 1918

The Granite City Works Branch of the National Engraving and Stamping Works has been advised by the government to decrease its tin plate production 70% of the present level by Oct. 1, according to Gen. Manager G. W. Niedringhaus' haus reports. This will be enough to meet food container needs.

Manufacture of shell-making machinery has been scheduled at 100%, with pleasure automobiles at 25%, and production of wire eliminated entirely.

Voters in the Sept. 10 primary nominated on the Republican ticket County Judge J. E. Hillscooter, Calvin J. Blattner for county clerk, Robert Ferguson for county treasurer and George E. Little for sheriff.

Democratic returns are incomplete, but John E. Harris was nominated for county judge. The vote was light due to the war, many voters being in military service and those at home taking little interest in politics.

A Woodson farmer, 76, is at St. Elizabeth Hospital with a brain concussion and internal injuries suffered when a McKinley car struck his horse and buggy. The horse was killed.

Local men are being urged from a patriotic standpoint to take up work in essential industries, with women replacing them in their present jobs.

A family reunion was held in the home of Mr. and Mrs. John Duban of Mount Oliver, a suburb of Pittsburgh. Attending were Mr. and Mrs. Cecil Young and family, Mr. and Mrs. Joe Schieber and family and Mrs. Grace Hurley and son.

Mrs. George Harlan and daughter, Virginia Lee, and Mr. and Mrs. Roy Anthony of Fulton, Mo., visited Dr. and Mrs. L. C. Harlan of Fourth street, Madison, who had arrived home from a vacation at St. Paul, Minn.

United Church Women Meet

The United Church Women of the N a m e o k i Presbyterian Church held the third quarterly meeting Monday evening with Mrs. Jean Lybarger, president, in charge.

Mrs. Irma Taylor led the devotions and read the names of the missionaries for the day. Prayer was followed by Mrs. Mary Bero, treasurer, announced the "gold for giving" project and presented the budget for 1969 which was adopted.

Mrs. Louise Thompson conducted a short program service.

Twenty-five baby dresses to be sent to the Sage Memorial Hospital in Arizona and Mrs. Fern Mitchell conducted the Fellowship of the Least Concern service. Mrs. Sylvia Cross introduced two guests, Mrs. Joyce Toussaint and Mrs. Liza Buchanan.

The members were reminded by Mrs. Fern Mitchell of the fall Project, meeting Saturday, Oct. 2, in Collinsville, and Mrs. Louise Thompson, chairman, announced Oct. 10 as the date set for cutting cancer dressings.

The executive board has announced the Christmas project,

Homes rarely have brand names, but if you make a mistake, you can't go shopping the next day to correct it. So it's terribly important that you buy a home only through a person who displays this national logo. This seal identifies a Realtor. This seal identifies a Realtor.

FREE HOME-SWITCHING: Just ask any member of our local board of Realtors for pamphlets or advice on how to switch to a new Realtor who subscribes to the Realtor Code of Ethics. This is a member of the International Association of the National Real Estate Boards. Only a Realtor can display this seal, which is nationally known.

**Two More Arrested in
Venice Car Theft Case**

Jewel Dandridge, 37, of 100 Hill street, Eagle Park Acres, and Jimmie Wynn, 22, of 100 Hill street, Venice, were arrested by Venice police Monday and charged with thefts over \$500 in a car theft case.

The arrest followed that of a Monday morning of Joe King, 49, East St. Louis, when Venice police surprised a group of men attempting to pry open the trunk of a car which had been checked out. The car had been pushed to Merchants road by a 1958 model auto which police said is owned by Wynn. King also was charged with theft over \$500.

The three men were arraigned in magistrate court and held to grand jury action. Wynn and King were released on \$4000 recognizance bonds, but Dandridge was held in jail.

100th Birthday Party for Mrs. Meier

A sickly child who grew into a healthy teenager, "now boy" with a great love of outdoor life celebrated her 100th birthday Tuesday at the Colonades Nursing Home.

Mrs. Mary E. (Kru) Meier, an alert centenarian with a remarkable memory, was born Sept. 10, 1868, in Pittsburgh, Pa. She did not expect "anything special" for her birthday observance, but Mrs. Louise E. Kovar, a member at the nursing home said she was presented with a birthday cake and a gift.

This week, about 50 well-wishers greeted Mrs. Meier at a birthday reception in the home of Mrs. Louise Kovar, 2011 Alton Avenue. The latter is a sister of Mrs. Meier's daughter-in-law, Mrs. Martha Meier, who resides at 2104 Ponson road.

At the age of 100, Mrs. Meier is loved by her parents in Pittsburgh to a small Kansas town in Marion County, just south of the Nebraska state line. She is the youngest of seven children, two boys and five girls, all of whom died before Mrs. Meier.

"I don't know why I have outlived all the others," she said. "I was the sickly one as a child. Although when I was about 15 years old, I was about as strong as any boy. I used to ride horseback and could do anything. I was a regular tomboy," she added.

Views on Children

Discussing today's youth, the centenarian commented, "I always loved to attend bank meetings and would sit and listen to the speaker. I have a diamond ring and an avocado green sweater over a print dress. Nurses report that she is extremely alert, always dresses herself and dines each day with other amateur actors resident in the community dining area.

As the reporter departed, Mrs. Louise Rollins, a registered nurse, was admiring Mrs. Meier's room. She turned to escort her to her own room in another wing of the nursing home.

A look reflecting a century

of living and an independent

personality, suddenly made the older against her complying with the request appear very slim.

Only One Left

"It makes you feel lonely being the only one left," she commented, adding that the loneliness intensified since the death of her son George Meier, last March.

"My father was a business man. I believed he sold tools and equipment to blacksmiths and later, when I loved to Herkimer, Kansas, he went to the elevator business," she said.

"I don't notice too much change in myself the past few years, but a great deal has changed in the world around me. Just don't think it out how old we are, that's the best thing," she advised.

She complained that her legs "feel a little stiff in the morning," but was reassured by staff member, Mrs. Louise Kovar, who said she also suffers the same ailment in the early morning hours.

Mrs. Meier became a resident of the Colonades on May 14. Previously, she had lived with her son, George, and son-in-law, George, in St. Louis, and prior to that time with her son and daughter, the late Mr. and Mrs. Henry (Vernon) Koeneck, of Clinton, Okla.

Mr. Koeneck, president of the Security Bank of Ponca City and a former president of the American Bankers Association, and Mrs. Meier's husband, George, who died in 1958, were

associated together before his death. Mr. Meier was president of the Exchange Bank of Parsons, Kan.

Her daughter-in-law reported that Mrs. Meier "always loved to attend bank meetings and would sit and listen to the speaker. I have a diamond ring and an avocado green sweater over a print dress. Nurses report that she is extremely alert, always dresses herself and dines each day with other amateur actors resident in the community dining area.

**Changes in Services
At St. Bartholomew's**

Two changes in the service scheduled at St. Bartholomew's Episcopal Church, 22nd street and Granite, were announced this week.

The early Mass on Sunday, usually said at 7:30 a.m. will for the next three weeks, Sept. 15, 22 and 29 be said at 7:00 a.m. The regular Sunday Sung Mass and sermon will remain at its regularly scheduled hour of 11 a.m.

The other change is that the Mass formerly said at 7:30 a.m. on Saturday will now be at 7 a.m.

Fr. Wilbur Lear, rector of St. Bartholomew's, also announced that registration and class assignment for the Confirmation will be held on Sunday, Sept. 15 at 10 a.m. in the Parish Hall.

Classes will be available for children of all ages from 3 1/2 upward and through junior high. Regular church school classes will begin on Sunday, Sept. 22 at 9:30 a.m.

Improper Muffler Charge

Robert B. Taylor, Rural Route Two was charged by police at 5:15 p.m. Monday for driving at with an improper muffler. Hearing is set Sept. 26.

**Mecca Supports
State Program
For 2nd Airport**

The program spearheaded by Illinois state officials to secure location of a second airport in the Madison-St. Clair county area of the metropolitan region was endorsed Monday night by members of the Metro-East Chambers of Commerce Association.

In a regular meeting at the Round Table restaurant, Collinsville, Mecca members discussed generally the airport program and a feasibility study that is to be undertaken with a \$20,000 grant, the first application of the \$100,000 of the General Assembly.

Mecca members will notify the state of its approval of the program in letters to Gov. Sam Shapiro and the Illinois Department of Economic and Business Development.

Discuss Highway Freeze

J. H. Reed, executive director of the St. Louis Chamber of Commerce and secretary-treasurer of Mecca, reported that he had talked with representatives of the U. S. Department of Transportation concerning a freeze on federal highway grants for Madison and St. Clair county, but that he had met with no one who could tell him why he was informed the freeze action was taken by the Government Contracts Division and that there was little likelihood of the order being lifted until the rate of employment among minority workers is increased to the basic rate.

Howard Colquitt, manager of the Tri-Cities Chamber of Commerce, pointed out that Mecca is a joint program with Southern Illinois University-Southeastern campus to better acquaint school teachers of Madison and St. Clair county with educational resources and facilities available to the teachers as teaching aids.

Colquitt pointed out that the program could be initiated at the teacher level, held in the two counties. The idea of the program, Colquitt noted, is to develop better use of local sources of information.

**Ronnie Burtons
Parents of Daughter**

Mr. and Mrs. Ronnie Burton of Vassar Park, Mitchell, are announcing the arrival of a seven-year-old, four-ounce daughter, Kelley Rose, who was born on Friday at the Belleville Memorial Hospital.

The maternal grandparents are Mr. and Mrs. A. L. Phillips of Calhoun. The paternal grandparents are Mr. and Mrs. Paul Summers, 2603 Madison avenue.

**James Ezell Aboard
Ship in Gulf of Tonkin**

Bolgerman Fireman Apprentice James W. Ezell, 20, son of Mr. and Mrs. G. C. and Zane of 4001 Braden avenue, is serving aboard the destroyer USS Lowry in the Gulf of Tonkin.

The Lowry is helping to provide naval gunfire support by firing on enemy coastal defense sites while a larger heavy cruiser uses its bigger guns and fires on tanks, equipment and supplies further inland. During recent action the Lowry was firing a gunfire support mission in a torrential downpour. According to one observer, visibility was so poor he had to strain to see where the shells fell.

**Conference on Suicide
To be Held at SIU-SW**

The Mental Health Association of Madison and St. Clair counties, with the assistance of the St. Louis Mental Health Association, will sponsor "A Conference on Suicide" this Saturday, Oct. 13, with the all-day workshop to be held at Southern Illinois University-Southeastern campus. It will begin with registration at 8 a.m. and continue until 4 p.m. A \$5 fee will be charged.

The conference will provide the opportunity to learn more about the suicide problem in the bi-county area. A proposal will be made for the establishment of a suicide prevention program in Madison and St. Clair counties.

Calvin J. Frederick, Ph.D., will have a 15-minute address; the day Dr. Frederick is the assistant chief of the Center for Studies on Suicide Prevention, National Institute of Mental Health. In addition to Dr. Frederick and other interesting presentations, a panel featuring the role of the clergy, police, physicians, social service agencies, and hospitals will be a key part of the program.

John Bassett is one of our best. Nineteen awards for quality performance in nine years! Here you see the trophy awarded to him by Ohio National's President M. Ray Dodson.

The place? The Royal Orleans Hotel in New Orleans. The event? The Company's bi-annual sales meeting conducted for the leading representatives of our national sales organization.

Annually, the President's Trophies are presented to the three agencies who in their class have made the most substantial con-

tribution to help men provide for their own and their families' security, and for rendering the quality of service they themselves would expect.

The John Bassett Agency represents the highest standard of professional competence. This trophy attests to our belief in this. Does this suggest that this group can be entrusted with the important assignment of helping you plan your financial future?

We hope it does. After all, why do business with the best? It costs no more.
